Testimonial for Lana Turianska as a Producer:

I am delighted to provide a testimonial for Lana as a producer on our movie project “Dying Swan”. Throughout the entire production process, Lana has consistently demonstrated exceptional dedication, resourcefulness, and a remarkable ability to overcome challenges.

Lana played a pivotal role in enhancing the script and ensuring its quality, making it a strong foundation for the film. Additionally, their efforts in securing stunning shooting locations in western Ukraine brought a unique and captivating backdrop to our story.

Working alongside an Irish director and a Ukrainian cast, Lana showcased outstanding collaboration skills, fostering a harmonious creative environment that allowed everyone to bring their best to the project. Their ability to navigate the difficulties caused by the Russian invasion was nothing short of remarkable. Even when funding was frozen, Lana found ways to keep the project alive and ensure its completion.

During an especially difficult period, when persistent shelling rendered the ballet theatre scene unworkable in Kiev and throughout Ukraine, Lana showcased her adaptability by seeking out alternative solutions. Ensuring the film's finale was captured, she facilitated its shooting in Enniskillen, where she had relocated due to the turmoil of war.

I am truly grateful for Lana's unwavering commitment, perseverance, and ability to find creative solutions in the face of adversity. Their tireless efforts have not only saved the project but also contributed significantly to its overall success.

I wholeheartedly recommend Lana as a producer and believe that her exceptional skills, work ethic, and determination make her an asset to any production. Their passion for storytelling and ability to navigate complex situations with grace and professionalism are truly commendable.

Thank you, Lana, for your outstanding contributions to our movie project. Your hard work, dedication, and resourcefulness have left an indelible mark on this production, and I have no doubt that you will continue to excel in your future endeavours as a producer.

Sincerely,

Olexo Gladushevsky
